P E A K

Donated by Amos Kingsbury High School
Meadfield, Massachusetts

I dreamed I stood in a studio
And watched two sculptors there.
The clay they used was a young child's
mind.

And they fashioned it with care.
One was a teacher: the tools he used
Were books and music and art:
One a parent with a guiding hand.
And a gentle, loving heart.

Day after day the teacher toiled
With touch that was deft and sure.
While the parent labored by his side
And polished and smoothed it o'er.
And when at last their task was done,
They were proud of what they had
wrought.

For the things they had molded into the
child

Could neither be sold nor bought.
And each agreed he would have failed
If he had worked alone.
For behind the parent stood the school,
And behind the teacher, the home.

Dedication

To Kevin Mucciaccio
WE SALUTE YOU FOR YOUR:
quiet determination
subtle humor
family pride
shared talent
gentle demeanor
steadfast courage
YOU ARE OUR INSPIRATION
